Abstract Submission

Deadline: 06 May 2022

- Authors are invited to submit their abstracts according to the [EuroSun 2022 Congress Themes](#).
- All submitted abstracts must represent original work. Authors can select their preference to present their papers in oral or poster sessions.

EuroSun2022

A Conference of

Hosted by

- All abstracts and papers must be submitted electronically through the [EuroSun 2022 Website](#). Instructions on how to sign into the website to submit abstracts will be available online.
- **Please note:** The EuroSun 2022 abstract submission portal will open in spring 2022.
- Acceptance of papers for oral or poster presentation will be based on submitted abstracts. All full papers presented at the congress will be peer-reviewed for publication in the proceedings, which will be published in the [ISES Conference Proceedings Database](#), a publicly accessible and searchable online database. All papers accepted for publication by ISES will be assigned an individual DOI and be published by ISES under the title “EuroSun 2022”.
- **Please note:** Per author, a maximum of two (2) accepted abstracts can be presented at the congress and a maximum of two (2) full papers can be submitted to the congress proceedings.
- By submitting an abstract, the authors understand that, if selected, one or more of the authors will present the paper at the congress and that such authors must register and pay the registration fee by the **author registration deadline, 15 July 2022**. Failure to do so will result in exclusion from the final Congress program and the proceedings.
- All abstracts and full papers must be submitted in English.
- Abstracts must not exceed 3 (three) A4 pages in total. Templates for abstracts are [available online](#).
- Guidelines for oral and poster presentations will be made available at on the congress website.

Abstract Review Process

- Abstracts will be reviewed by a least two (2) designated Scientific Committee reviewers. The reviewers will not have access to submitting author or co-authors’ details and will therefore not know the origins of the abstract to promote impartiality.

EuroSun2022

A Conference of

Hosted by

- Authors will receive notification via e-mail regarding acceptance of abstracts by in **June 2022**.
- Authors should be aware that accepted papers and posters may be organized in various ways during the conference.

Abstract Review Criteria

- The review criteria for abstracts are as follows:
 - Suitability for the theme: Does the abstract fit into the theme? Abstracts with inappropriate contents or commercial advertisements will be rejected.
 - Quality of research goals: Appropriately chosen and documented methods, logical presentation and analysis of results, findings, inferences and conclusions. Novelty and significance of the work, and implications for practices, policies or further research.
 - Only those abstracts that document significant results will be considered for oral presentations, in order to avoid a situation in which the "promises of the abstracts" cannot be fulfilled.
 - Standard of writing, clear and logical presentation, appropriate style, lack of errors, ease of reading, correct grammar and spelling, conformance with specifications for length and format details.

Presenting your work at the Congress

Full Paper Submission

- **Please note:** Per author, a maximum of two (2) full papers can be submitted to the congress proceedings.
- Deadline for submission of full papers is **12 September 2022**. When submitting the full paper, authors will also need to include the **EuroSun 2022 Copyright Agreement** which will be available for download on the EuroSun 2022 homepage.
- All full papers presented at the congress will be peer-reviewed for publication in the proceedings, which will be published in the [ISES Conference Proceedings Database](#), a publicly accessible and searchable online database. All papers accepted for publication by ISES will be part of the conference proceedings with an ISBN and each paper will be assigned an individual DOI.

Cooperation with Solar Energy Advances

A select number of high-quality papers presented at the Congress will be invited for submission to the new ISES scientific journal, [Solar Energy Advances](#). These invited papers will be subject to the Journal's normal peer review process.

Solar Energy Advances is an open-access journal reflecting the work of ISES in transforming our energy production and consumption into a fully renewable system. The journal covers a broad range of topics relevant to solar energy research, development and applications. All papers submitted to *Solar Energy Advances* will undergo a rigorous review process. Papers which progress to publication will include a notice that the paper was originally presented at the EuroSun 2022. More information about *Solar Energy Advances* can be found [here](#).

Only a limited number of papers will be published in *Solar Energy Advances*. The open-access fee for selected papers will be waived for the papers accepted to the journal.

Only authors of abstracts that are accepted for presentation at the EuroSun 2022 conference can submit a full paper. By submitting an interest to publish the paper in the journal, the author is not guaranteed their paper will be published in the journal. All abstracts and full-papers will be pre-reviewed to determine if the paper meets the requirements of the journal before undergoing the rigorous journal review process. The deadline for submitting a full paper for *Solar Energy Advances* is **31 July 2022**.
